

NATIONAL VIRTUAL HEALTHCARE SUMMIT

Thursday 20 April 2023

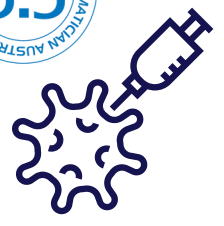

ZINC at Federation Square, VIC

Embracing virtual healthcare to revolutionise the future of patient and clinician experience to boost quality care

Attend this summit to learn:

How **COVID-19** has accelerated the adoption of virtually enabled care

Assessing the readiness of your organisations, technology & people to implement virtually enabled care

Enabling real-time data to measure and improve patient experience outcomes

Assessing data & information security strategies to deliver patient care

Enabling decision-making that drives towards a **future of virtual health offerings**

KEY SPEAKERS

Birinder Giddey
Chief Medical Officer/ Executive Director Medical Services
The Royal Victorian Eye and Ear Hospital

David English
Chief Information Officer/Executive Director, Digital Health & Informatics
Peninsula Health

Simon Grof
Chief Medical Officer
Jewish Care Victoria

Miranda Shaw
General Manager
RPA Virtual Hospital

Rita Arrigo
Ecosystems Manager
CSIRO National AI Centre

Lily Liu
Director, Digital Health
Western Health

Proudly sponsored by:

8.00 Registration, Networking and Coffee

8.45 Opening and Welcome Remarks

Radha Peters, Director, **NextWave Events**

9.00 Towards a New Horizon in Healthcare

- Exploring the role of virtual care in a people-centred health system, with examples from Digital Health CRC projects as to how digital technology and healthcare can intersect to benefit all.

Clare Morgan, Research Director, **Digital Health CRC**

9.30 Panel Discussion: Exploring the future of virtual healthcare in Australia

- Examining how the COVID-19 pandemic has accelerated the adoption of virtually enabled care
- Exploring the challenges in supporting ongoing delivery and improvement of virtually-enabled models of care
- Building a sustainable virtual care strategy by assessing strategies to maintain the human element in virtual healthcare
- Understanding how the increased prevalence of telehealth technology has impacted wider virtual healthcare adoption
- Assess the readiness of your organisation, technology and people to implement virtually-enabled model of care

David English, Chief Information Officer/ Executive Director, Digital Health & Informatics, **Peninsula Health**

Birinder Giddey, Chief Medical Officer/ Executive Director

Medical Services, **The Royal Victorian Eye and Ear Hospital**

Simon Grof, Chief Medical Officer, **Jewish Care Victoria**

Vinayak Smith, Head of New Ventures, **Virtus Health**

Bittu Ann Cherian, Telehealth Service Manager, **Mater Hospital**

Kate Symons, Director of Innovation, **Silverchain**

Moderator: Tricia Liebke, General Manager, **Telstra Health**

10.10 Digital Health Validitron: Co-designing and Validating Virtual Models of Care

- There are tremendous opportunities for virtual models of care and also much uncertainty about the best ways to design and implement them
- With the Validitron, we co-design workflows, create user interfaces that integrate with existing IT systems, define feasible reimbursement models, and assess clinical outcomes
- The Validitron offers a concrete pathway to reduce the innovation-risk tension faced by health services and accelerate implementation and validation of virtual care

Wendy Chapman, Director of the Centre for Digital Transformation of Health, **University of Melbourne**

10.40 Morning Tea & Networking

11.00 Where Strategy Translates to Action - Implementing a Virtual Care Strategy for NSW

- Key implementation activities in delivering a Virtual Care Strategy for NSW
- Case studies of virtual care programs in NSW
- Ensuring safety and quality in virtual care

Shannon Nott, Rural Health Director of Medical Services, **Western NSW Local Health District**

11.30 How Holographic Computing will Impact Digital Health

- Learn how next-generation technology is unlocking new ways to provide healthcare.
- See how holographic healthcare is transforming training across a range of healthcare professionals & Holographic Surgery, simulation, and digital twin changing the way surgery is delivered.
- Telehealth with Holograms and the impact of Immersive Technology: Where is it being used and what's next!

Rita Arrigo, Ecosystems Manager, **CISRO National AI Center**

12.00 Lunch & Networking

1.00 Interactive Sessions with Sponsors

1.40 Panel Discussion: Assessing the Effectiveness of Data Governance and Security Strategies in Digital Health

- Examining challenges in current healthcare data infrastructure & cloud capability
- Exploring healthcare data governance & ethics
- Implementing metrics to measure the effectiveness of a virtually-enabled model of care
- Assessing data and information security strategies in digital health

Revital Rosenberg, Chief Data Officer, **Murdoch Children's Research Institute**

Mau Wee, Director Medical Services, **Bairnsdale Regional Health Services**

Ben Chiarella, Director Clinical Innovation, **Ramsay Connect**

Sandeep Reddy, Director, MBA (Healthcare Management) Program, **Deakin University**

Moderator: Paul Cooper, Affiliate A/Prof, **Deakin University**

2.10 Buildings Australia's First Virtual Hospital

- Patient, clinician and stakeholder experience
- Designing new virtual models of care
- Exploring our digital infrastructure

Miranda Shaw, General Manager, **RPA Virtual Hospital**

Proudly sponsored by:

ALCIDION

Health

2.40 Innovative Clinical Models to Deliver High Value Healthcare

- Why we need new models
- How to determine the value and where to find it
- What does this look like in the digital age

Mark Horrigan, Director, Hospital in the Home & Virtual Care, **Austin Health**

3.10 Afternoon Tea & Networking

3.40 "Invest in the driver, not just the car to win the Grand Prix"

- Holistic approach to digital health training & adoption
- Delivering training & support
- Redefining the benchmark for 'adoption'

Chirag Lodhia, Digital Health Training & Adoption Coordinator, **Monash Health**

4.10 Western Health: Our Digital Health Journey

- Review the journey of Western Health Digital Strategy and the importance of Virtual Care
- Discuss specific challenges during the process of implementing Virtual Care
- What's next for Western Health on this journey

Lily Liu, Director, Digital Health, **Western Health**

4.30 Panel Discussion: Exploring Technology Infrastructure, Digital Health Workforce, Training, and Adoption

- Exploring the current challenges of existing integrated systems and technology infrastructure and its effectiveness to support virtually enabled models of care
- Aligning existing ICT and EMR strategies to improve virtual health services and enhance health and care provisions
- Establishing governance structures to enable leadership to make decisions that drive toward a future of virtual health offerings
- Exploring the gap between IT system thinking and clinical experience and how digital health training & adoption can be effectively delivered.

Kean Kuan, Chief Medical Officer, **Victorian Institute of Forensic Medicine**

Michelle Rennie, Chief Information Officer, **The Royal Children's Hospital**

Chirag Lodhia, Digital Health Training & Adoption Coordinator, **Monash Health**

Kerryn Butler- Henderson, Director, Digital Health, **RMIT University**

Moderator: Vivek Krishnan, Chief Technology Officer, **Alcidion**

5.00 Closing Remarks followed by Networking Drinks
